**Witnesses Group  
To Attend 4-Day  
Troy Convention**

The Kingston congregation of Jehovah's Witnesses is making preliminary plans to attend a four-day district convention at Troy, it was announced.

Ernest F. Kidd Jr., presiding minister of the group, in discussing the announcement said that local delegates will be joining over 3,500 other Witnesses at the RPI Field Day, for the four-day training program.

"The purpose of the convention is to equip every one of the preaching fellowship of Jehovah's Witnesses in the practical use of the Bible as a help in fortifying the spiritual moral of the people in our community," Mr. Kidd said.

The announcement came as a climax to the weekly ministry-development program held at Kingdom Hall, 105 Pine street.

Mr. Kidd said that Jehovah's Witnesses are enrolled in ministerial training of at least five classes weekly. "We maintain," he emphasized, "that if a religion is worth believing it is worth putting into practice."

"That is why we are going to the Troy convention," he explained, "to receive the benefit of that additional training."

The Troy gathering is one of 27 similar conventions being held throughout the United States and Canada.

### DEMOCRATIC OUTLOOK

With less than a month to convention time, prospects for the various Democratic presidential aspirants are largely unaltered. Adlai Stevenson is far and away the front runner, and his principal challengers do not seem to be drawing measurably closer.

Only a relative handful of convention delegates remain to be chosen. Of the more than 1,270 already selected, more than 300 are either legally committed or openly declared for Stevenson. Most independent delegate surveys indicate he will have at least another 200 votes on the first ballot, pulled from his reserve strength among the "uncommitted."

His presently most hopeful rival, Gov. Averell Harriman of New York, still is eagerly searching for the strategy which could prevent Stevenson from going over the top and then build the governor toward nomination in his place. Thus far the quest has not been too promising.

A few more favorite sons have appeared on the horizon, but their total vote in combination with the estimated strength of Harriman and Senator Kefauver does not look great enough to block Stevenson. More to the point, there is no visible sign today that any such combination is in the making, anyway.

A man to watch as the Democrats' Aug. 12 convention deadline approaches is Sen. Lyndon Johnson of Texas. A favorite son but not a serious candidate, he could determine the outcome very quickly.

Johnson has wide influence in the south, where a good deal of Stevenson's vote reserve exists. Should the senator decide to put his weight on Adlai's side at an early stage in the balloting, southern delegates still hanging back would most likely follow and the show would be over.

Friends of Stevenson now are endeavoring to create a "winning" atmosphere of the sort that might encourage Johnson to do just that. Naturally, Harriman backers react speedily to any claim Stevenson has it sewed up. Frank McKinney, a top Harriman strategist, predicted recently that his man would nail down the nomination on the fifth ballot at Chicago.

That eventually must be rated unlikely. If the Harriman forces do not somehow slow Stevenson's drive before Aug. 13, they will be under extreme pressure to devise tactics in the convention itself to achieve that end.

Many observers think they will try to derail Stevenson by getting him embroiled in a bitter civil rights platform fight that would compel him to make enemies and thus lose delegates. But seasoned reporters note again and again the firm inclination of influential southern and northern Democrats to avoid such a fight.

Politicians often spring surprises, and the Harriman people may have one or more up their sleeves. The political veterans around the country conclude at this time that they will need them.

### A RUNNING START

The kidnaping of six-week-old Peter Weinberger shocked and stirred the nation. Being emotionally disturbed about it is not enough, however. We should also be thinking of what else might be done to reduce the likelihood of such crimes in the future.

The present federal kidnaping law provides that the Federal Bureau of Investigation may enter the case after seven days have passed. The law presumes, after seven days, that the victim has been transported across state lines and that the offense is therefore a federal one.

There are those who believe that this seven-day hands off ban needlessly hampers the job of recovering the victim and running down the kidnapers. Arguments for letting the FBI get into such cases much sooner outweigh those against this.

It is not that state law enforcement authorities are necessarily less capable than the FBI. This may not be true at all. But if the federal police are to be allowed to

## 'These Days'

By GEORGE SOKOLSKY  
THE RIGHT TO AGITATE

I received a circular letter from Professor Louise Pettibone Smith whom I do not know and never heard of before. What the lady is a professor of, I also do not know, but it so appears on her letterhead. She addresses me as "Dear Friend," but how it comes about that she and I are friends, I also do not know. Friendship in absentia is something new, although I have one such friend, as Tchaikovsky had, with whom I correspond entertainingly and also for my edification, but whom I have never met. Recently when I was in a hospital, she came all the way from Washington to see me but in those days the doctors would not permit me visitors lest I die from being bored.

However, Professor Louise Pettibone Smith is new to me as never before have I heard from her. What she wants me to do is to send two dollars during July and August, making a total of four dollars, to the American Committee for Protection of Foreign Born, which I suspect is not a good thing to do. My father and mother were foreign born but they needed no protection because they were happy to be here and away from the pogroms of old Russia and Poland, pogroms which seem to be starting all over again under the drunken reign of Nikita Khrushchev. In fact, all my relations of the older generation were foreign born and none of them needed protection.

Professor Louise Pettibone Smith wants the four dollars because she says the Attorney General plans to denaturalize 10,000 citizens and to deport 15,000 non-citizens solely because of their political beliefs. The figures look a little high to me, but it would seem that what Mr. Brownell proposed is to give those who love Soviet Russia or some satellite more than the United States an opportunity to go to the land of their affection after due process of the law here. It would seem that the way the Supreme Court has been behaving, there is a possibility that these people will be deprived of going to the lands they love. It is too bad.

In a circular attached to Professor Smith's letter, appears the following:

"During July as many families are just beginning to get away from the cities, 14 New York non-citizens will be challenging the Supervisory Parole provisions of the Walter-McCarran Law.

"The 14 have been ordered deported because of past or present political beliefs. The Justice Department, unable to effect their deportation, has placed them on Supervisory Parole which means: remaining within 50 miles of Times Square; periodic reporting to a Justice Department agent; when reporting being forced to answer question relative to friends, associates, habits and work; submitting to medical and psychiatric examination."

For this, shall I send four dollars? Why does she not appeal to Comrade Khrushchev to pay these expenses? These guys were working for him or for his predecessor, Stalin, or they would not have got into this particular trouble.

This country is full of foreign born who are happy to be here and who never get into trouble with Attorney General Brownell because they do not violate the law. They do not even have to wait for the Supreme Court to save them from the bell: They go through life attending to their own affairs and causing no trouble for anyone.

Of course, if a fellow who was graciously permitted by our laws to settle in this country, to raise a family here and to live under the advantages of our liberties and our laws, wants to upset the country, to change its form of government, to make it conform to patterns arranged in the Kremlin, he is bound to get into trouble, not because he exercises freedom of speech but because he is working for an enemy state and an enemy civilization that seeks to destroy us. Also some of these prospective deportees are dope peddlers.

There are those who believe that now that Stalin is dead and that Khrushchev has called him all sorts of names, the world has changed and that we should hereafter smile at those who spit upon us. Such are bound to suffer a rude repulse from the American people as they have been encountering for some time such rejections.

## That Body of Yours

By JAMES W. BARTON, M.D.  
MENTAL AND EMOTIONAL PROBLEMS  
IN CONVALESCENCE

We have been discussing the last couple of days, some of the physical problems that arise from enforced bed rest and today we will discuss some of the psychological disorders that may arise. We are told that there is no one special psychological (mental and emotional) disorder or illness that may come from enforced bed rest but that both situations (idleness and insecurity from loss of income) may constitute a real strain on the personality resources of the individual patient. This depends on three factors:

1. The patient's previous type of personality and its assets.

2. The physical extent of the enforced idleness, what meaning it has to him, and how he uses it.

3. Whether financial insecurity is a real, added factor, or just feared by the patient.

"Circumstances alter cases." For example, a successful executive with lots of friends, a full family life, and a hobby he can work at lying down may welcome the enforced idleness induced by a slipped disc, lying up on a fracture board for six weeks. He can have his telephone at bedside, family and friends around, perhaps a dictating machine at the foot of his bed.

However, for the average man with no workable hobbies, lacking the loving surroundings of family and friends, and a real financial loss, the challenge will flood him with anxiety and hitherto sublimated inner anxieties will no longer be experienced in work. To him, enforced idleness will mean isolation and economic insecurity, not knowing the future and fearing the worst. He will brood.

Being an average man, he will prefer to blame others, the workers' union, management, the doctor, the country, even God, not only for his financial loss but for his own failings too. This is the beginning point of a bitter paranoid (a form of progressive mental disease with delusions based on a systematic form). Driven by fear, criticism and unsympathetic authority, he may have a breakdown.

The non-psychiatric case (that is the one with a healthy previous personality and assets, and a reaction which does not quite constitute a neurosis) is the easiest to manage. The family doctor, sensitive to the person and his new situation, will encourage, advise and guide him best.

The psychiatric case may need the full resources of psychiatric and social worker to tackle a combined problem of organic (actual), psychological, and social medicine.

As the problem of prolonged convalescence and rehabilitation of patients after this period has become a very important one today. We will go on tomorrow to consider convalescence as it may be carried out at home.

### Constipation

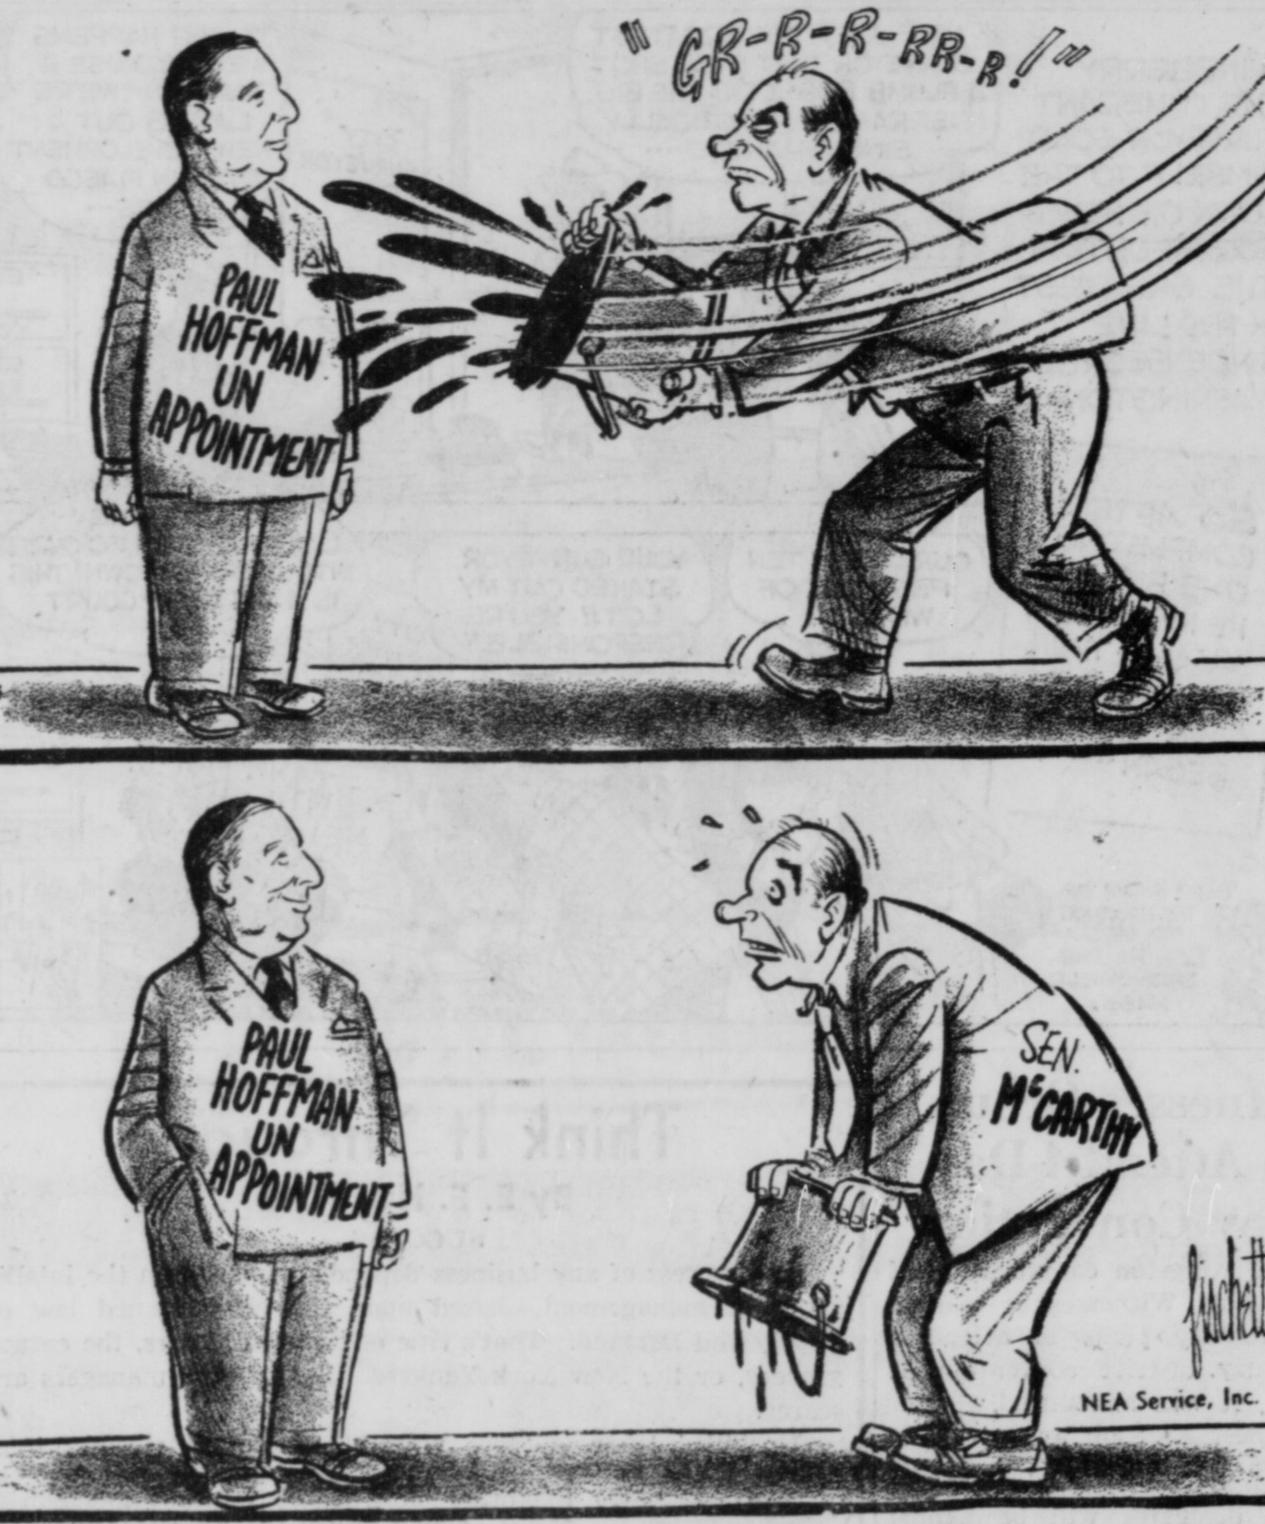

Constipation is one of the problems of the bed patient as it is of many people. Send for Dr. Barton's helpful booklet, "Constipation," which may be obtained for 25 cents, including cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N.Y.

(Released by The Bell Syndicate, Inc.)

come in on such cases, they ought to have the advantage of starting work immediately without having to twiddle their thumbs for a week.

The House judiciary committee has passed a bill permitting the FBI to enter such cases within 24 hours. Speedy passage would be in the public interest.

## That Ol' Black Magic Doesn't Work Any More

## Edson's Washington News Notebook

BY PETER EDSON  
NEA Washington Correspondent

Washington — (NEA) —

They're trying to rebuild the city of Washington piecemeal now, though five years ago Congress turned down a coordinated plan to do the whole job right.

Atomic Scientist Leo Szilard first called attention to the need for dispersing government agencies back in 1945.

Government planners then produced a blueprint for dispersing the Washington maze into the surrounding country. The plans were kept secret, but this was not to hide them from the Russians. It was to keep real estate scalpers from buying up sites and holding them for speculation.

Thus Central Intelligence Agency is building a 55-million-dollar hideaway in Langley, Va., for a staff variously estimated at from 10,000 to 15,000. It is six miles from the White House, State and Interior Department concentration, and seven miles from the Pentagon. Atomic experts say that's too close.

State Department itself is building a 50-million-dollar addition which will house in one concentrated target its 7,000 employees now scattered in 20 buildings.

Bureau of Standards will build a 40-million-dollar research center for 2,700 employees at Gaithersburg, Md. This is 18 miles from the White House, but only five miles from a new 10-million-dollar Atomic Energy Commission headquarters near Rockville, Md., for some 1,600 employees.

WEATHER BUREAU and Geological Survey, with a total of 2,500 employees, want 50 million dollars worth of new buildings outside of Washington for another.

A PUBLIC WORKS subcommittee under Sen. Spessard L. Holland (D-Fla.) made a thorough analysis of the problem and how to meet it. In this process the original 190-million-dollar plan was cut to 107 million size.

The 12 buildings for 120,000 government workers became four buildings for 20,000 workers. But this was said to be a first step.

Just about the time the legislation got to the Senate floor, President Truman called Gen. Douglas MacArthur home from Japan. People who had worked on the plan say that out of pure spite against Harry for this act, the Senate voted down his administration's dispersal plan. It

wa salmost a straight party line vote, with a few Democrats joining the Republican administration bloc to kill the bill.

Anyway, today the Republican administration has the problem on its hands. But curiously enough, the H-bomb isn't being considered as much of a factor in dispersal.

Furthermore, Civil Service Commission is planning a new 10-million-dollar building for its 4,000 employees in downtown Washington. And two more 20-million-dollar buildings are planned for the southwest redevelopment area. It's only two miles from the White House and a mile from the Capitol.

General Services Administration has just come out with a 10-year plan for 22 new buildings in downtown Washington to replace these temporaries at a cost of nearly half a billion dollars. But Congress hasn't approved it so it doesn't mean much.

In all, the government now has 32 million square feet of space in 143 buildings in the Washington area. One H-bomb, properly dropped, would do no telling what to them all.

## Questions -- Answers

Q—Does the President ever preside over the sessions of Congress?

A—No. The vice president is technically the president of the Senate, and is addressed by senators as "Mr. President."

Q—Why is England referred to in song and poetry as Albion?

A—England was once called Albion, which means white, because of the white chalk cliffs at Dover.

Q—What is meant by winter rules and summer rules in golf?

A—Under summer rules, a player must play his ball as it lies, while under winter rules, he is permitted to improve his lie everywhere except in the rough or hazards.

## Son of Countess Is Stabbed in Chest

New York, July 25 (P)—The 26-year-old son of a Park avenue countess was stabbed in the chest with a gold letter opener shortly after a big cocktail party broke up last night in a plush East Side apartment.

Early today police arrested a jewelry-decked blonde divorcee on a felonious assault charge. She is in her 40s.

Mrs. Irene De La Begessiere, who said she is the ex-wife of a French marquis, entered her cell in party dress. She wore a gold-trimmed red evening gown and gold sandals and carried a gold mesh bag.

Mrs. De La Begessiere called police after the stabbing of William Grey in her four-room apartment (at 46 E. 80th street). He was taken to Roosevelt Hospital where his condition was reported as satisfactory.

He told police his mother is the Countess De Beaurepaire (of 410 Park avenue).

### Left-Wing Group Reported Behind Anti-Nixon Move

By DAVID LAWRENCE

Washington, July 25 — Who really is the Vice-Presidential candidate that Harold Stassen is backing? It certainly isn't Gov. Herter, of Massachusetts, who, it now develops, wasn't consulted by Mr. Stassen before launching the boom for him. In fact, Gov. Herter will make the speech placing Mr. Nixon in nomination at the convention.

The objective of Mr. Stassen and those who are in league with him is to bring about the removal of Vice-President Nixon from the ticket. It isn't so much a pro-Herter move as an anti-Nixon maneuver. For one thing, there is some doubt as to whether the Massachusetts Governor is constitutionally eligible, since he was born abroad. It would take a Supreme Court decision to clear up the doubt, and that would only give the Democrats a campaign argument because no such decision probably could be obtained between August and November.

**Observers Are Serious**  
Jerusalem, July 25 (AP)—Two Canadian UN truce observers wounded by an explosion in the demilitarized zone were reported in serious condition today, but doctors said "there are good

hopes" for their recovery. The incident caused Maj. Gen. E. L. M. Burns, United Nations truce supervisor, to again call on Israel and Jordan to refrain from military action at Mt. Scopus, a height overlooking Jerusalem near the spot the blast went off

yesterday. Mt. Scopus is an Israeli-occupied enclave in territory held by Jordan. It commands the city from the northeast.

**Morris Is Winner**  
Oklahoma City, July 25 (AP)—

Toby Morris, a former congressman, defeated Rep. Victor Wickersham, veteran of 13 years in Congress, yesterday in Oklahoma's run-off election. Morris scored his victory by defeating the man who ousted him from Congress in 1952. Wickersham

won the first contest between them when their districts were combined after the 1950 census. Unofficial returns from all but three of the 645 precincts in the western Oklahoma district gave Morris 37,761 votes to 32,979 for Wickersham.

**Ave Praises Lausche**

Columbus, Ohio, July 25 (AP)—New York Gov. Averell Harriman called Ohio Gov. Frank J. Lausche "a fine Democrat" after huddling with Lausche for three hours yesterday in a meeting he

said had "no special significance." Gov. Harriman added that Lausche "certainly" has a chance of being on the national Democratic ticket this fall. "It's up to him," the New York governor said. Gov. Lausche, Ohio's favorite son candidate, entered Harriman, an avowed candidate for the top spot on the Democratic ticket, at a dinner party at the governor's mansion here.

firm, said the Philharmonic-Symphony Society has an option to buy the hall from him. But he said the society must decide within four months. He pledged not to make any personal profit on the transaction.

**Must Return Child**

Boston, July 25 (AP)—Mr. and Mrs. Melvin B. Ellis of Brookline today were under a Massachusetts Supreme Court ultimatum to return 5-year-old Hildy McCoy to her natural mother with-

in 30 days if they wish to avoid dismissals of their appeals pending in the drawn-out custody battle. The court charged yesterday that the Ellis couple has ignored a probate court order directing them to surrender the child to her mother, Mrs. Mar-

jorie McCoy Doherty. Mrs. Doherty, who then was unmarried, gave the child to the Ellises when Hildy was an infant.

It is estimated that the population of the United States will reach 215,000,000 by 1975.

**To Visit in Denver**  
Denver, July 25 (AP)—President Eisenhower is planning to spend a week or 10 days in Denver before attending the Republican National Convention at San Francisco, the Rocky Mountain

News says. It attributed the report to "Washington sources." The visit would be designed to give the Chief Executive a chance to "rest up" at the home of his mother-in-law, Mrs. Elivera Doud, the newspaper re-

ports. It points out that Denver is a comparatively short plane trip from San Francisco and it would be an easy flight for Eisenhower to go there to accept nomination for a second term as President.

There has been previous testimony that McKeon had been drinking vodka the morning of April 8, a Sunday, and that "he raised a bottle to his lips" just before setting out on the hike.

Magruder, who is from Jackson, Miss., testified he had been told to stand guard over McKeon.

**Stassen Blames**

Byrnes was a boiled-down version of the views he expressed in his original dump-Nixon statement—that a Republican ticket including Herter would be stronger than one with Nixon. He reiterated a hope that "after a thoughtful review Vice President Nixon will help to bring about the nomination" of Herter.

Stassen, who said he had written the other 19 congressmen substantially the same, urged Byrnes to check with his own constituents.

"I believe you will be convinced," Stassen wrote, "that the best way to prepare our Republican party for the November election and for the next four years is to nominate an Eisenhower-Herter ticket."

**HE TOLD BYRNES** that the Wisconsin legislator's own seat in Congress is in "serious danger" as a result of "avoidable weakness" in the proposed party ticket, and said the same is true of the other 19 who called on Stassen to get out.

The union objected to the length of the proposed contract and placed the value of the increase at 14 cents.

The steelworkers' prestige wages averaged \$2.46 an hour. The union has never made its wage demands public. Its past contracts have usually been for two years with a wage reopener after one year.

Even if the strike ends this week, it will take a week or more for the darkened mills to climb back to full production. And industry leaders have said there is bound to be a rise in steel prices after any settlement.

The Iron Age, national metalworking weekly, said today that even if the strike ends this week, the effects will be felt through December.

"With the walkout in its fourth week and production losses certain to hit 9 million ingot tons, effect on industry will be felt as far away as December, or early 1957," the Weekly said.

In their statement yesterday, USW President David J. McDonald and John A. Stephens of U. S. Steel said they had "exchanged ideas as to terms of settlement." They also said that "to expedite matters, sub-committees have been appointed to further explore various issues."

There were reports that negotiators for the "Big Three" would be joined by representatives of the nine other companies involved in the strike. The "Big Three" leaders have represented all 12 so far.

Unit commanders have arranged to serve refreshments.

Local musicians have been associated with the guardsmen on numerous parades and have decided to pay their respects to members of the unit by performing for them in the manner of a concert.

In case of rain the concert will be conducted indoors on the main drill floor.

**Mikoyan Leaves Bulgaria**

Vienna, Austria, July 25 (AP)—Sofia radio said Soviet Deputy Premier A. I. Mikoyan had left for an unannounced destination today after a surprise visit to Bulgaria. Mikoyan went to Sofia from the island of Brioni, where he paid a private visit to Yugoslavia's President Tito. Earlier he was in Budapest, where he was reported to have been involved in the ouster of Matyas Rakosi, an old Tito foe, as boss of the Hungarian Communist party.

**Rochester Board Hears Talk on Insurance Plans**

Richard Mack, insurance authority, appeared before the July meeting of the town board of the town of Rochester to discuss the insurance problem. He recommended general comprehensive liability blanket policies to cover all vehicles and all other liability risks, except streets and sidewalks. The recommendation was discussed by the town board members and unanimously approved.

A request for a grader was made by the superintendent of highways. The matter was deferred for further consideration.

The report of the supervisor showed a balance of \$48,786 in the Highway fund and \$7,115.27 in the General fund.

Unlike paint, varnish should not be shaken or stirred before using. Disturbing the liquid tends to create bubbles which remain in the finish when the varnish film dries.

## Now everyone can know... THE TRUTH ABOUT MARGARINE

The one major difference in margarine is *packaging*.

Let's look at the facts. There is no difference in grades of margarine. There may be some slight variations in color, taste or consistency of content. But all packers must conform to the same set of strict government standards.

You might ask then, if there's no difference in quality, *why is there a difference in price?* And the answer is *packaging*. Some packers add fancy foil wrappers. Others may use special containers. Some packers need a special packing to keep their margarines fresh. Others may use it for the sake of appearance.

Whatever the reason may be, special packaging adds just *one* thing to margarine... COST. Yes, the quality is still the same, *but you pay more*.

So, if you want to save as much as 25% on margarine try **HAPPY BOY**, the finest, tastiest spread at a realistic price.

**HAPPY BOY MARGARINE** is delivered so frequently by *over 365* distributors that *it must be fresh*. And because it is fresh, the price isn't padded with a lot of expensive packaging extras. That's why **HAPPY BOY MARGARINE** sells for as much as 25% less than the other leading brands.

These are the facts and **HAPPY BOY** backs them up with a *full unconditional money-back guarantee*. If, for any reason, you are not satisfied, your dealer is authorized to return your full purchase price.

We, at **HOTEL BAR FOODS**, the makers of **HAPPY BOY**, have been in the so-called "expensive" spread business for 70 years. Tasty, wholesome foods have been and will continue to be our only business. On that basis, we believe that we are best qualified to make and offer the very best margarine at the most economical price, **HAPPY BOY MARGARINE**.

Try **HAPPY BOY** today. Look for the red package at your favorite grocer or supermarket.

## WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

### Artists Association To Hold Open Show

Woodstock, July 25 — The Woodstock Artists Association will hold an open show for members and their friends. Each member is entitled to be represented by one example of work in any medium and may also invite one friend to exhibit one piece of work in any medium.

This widens the horizon of the exhibition and also gives an opportunity to fine artists outside the area and newcomers who are not yet members to show their work. There is no restriction as to type of work.

A reception will be held Saturday from 4 to 6 p. m. and the exhibit will continue to August 9.

The window of the Bank of Orange County is displaying the prints given to sustaining members in the past years. Each year the print maker is selected by the Executive Board from among the Association's finest artists.

This year Edward Chavez has been chosen. His handsome colored lithograph beautifully framed is also on display. A sustaining membership has the privileges of all opening as well as the print of the season.

The latter, with its emphasis on textile and industrial design, murals and crafts work, was followed last week by a memorial exhibition for the late Yasuo Kuniyoshi, by a large open show for members and guests in August, and by a special event the details of which are yet to be announced, and a display of the work of Carl Walters, sculptor and ceramist.

**Listed below is the proposed list of assessments, computed at 36% of the appraised value, as determined under the recently completed revaluation program. Taxpayers may determine the appraised value by multiplying the assessed value by 2.77.**

**Every effort has been made to maintain a uniform standard of value on all properties in order to correct the gross inequalities which have existed in the tax roll heretofore.**

**We respectfully request all taxpayers to give earnest consideration and a fair examination to the results of this program. While the revaluation program was intended solely to equalize all values, it has, nevertheless, resulted in a substantial overall increase in the assessment roll. This will result in a corresponding decrease in the tax rate, subject to budgetary changes.**

**Any person who has good reason to believe that his property has been inequitably assessed and who wishes to obtain further information prior to Grievance Day, which will be August 14, 1956, may make an appointment for this purpose by calling the Assessor's Office, tel. 1993. **JACOBY ON BRIDGE****Bad Discard Kills Defense's Chance**By OSWALD JACOBY  
Written for NEA Service

Even experts are puzzled by the kind of hand shown today. Success depends on good guessing, sound technique, and a slip in the defense.

West opened the ten of spades, the jack was played from dummy, and East was allowed to hold the first trick with the queen. South won the spade return and hopefully laid down the ace and king of clubs. Had the queen of clubs dropped, South would have made his contract with ease.

The clubs broke badly, but rescue was at hand since West made the mistake of discarding the eight of diamonds. (A heart discard would have been sounder.)

South had to develop five tricks in the red suits and had to begin by knocking out West's ace. If South made the mistake of tackling hearts first, East would win and lead the last spade. Then West would still have the ace of diamonds at the end.

entry to his established spades. The discard of the eight of diamonds not only told declarer which ace West held but also killed the threat of the diamond suit. South could safely knock out the ace of diamonds, win the spade return, then knock out the ace of hearts to develop nine tricks.

Now see what happens if West properly discards a heart on the second club. South at best manages to guess that diamonds is

the right suit to tackle first. West refuses the first diamond trick, takes the second, and can now lead a third diamond. This establishes the rest of the suit for East while West still has the ace of hearts as a sure entry.

## DO YOU REMEMBER

By SOPHIE MILLER

I know in writing about the trolley system in Kingston, the question always comes up, when the first horse car ran in Kingston. There is quite a writeup of it in the paper dated August 1866. It was drawn by four horses and preceded by a band of music. "It was a great day for transportation in the villages of Kingston and Rondout." It was 27 years later that the old horse cars were replaced by the trolley cars, July 31, 1893. Incidentally, horse cars made it from Rondout to uptown in 25 minutes.

Through the years one of the most serious accidents happened on Sunday, January 6, 1895 at 10:20 a. m. when trolley car No. 1 became uncontrollable on the top of Broadway hill and dashed down into the cornell Building at the foot of Broadway. Luckily none of the passengers were injured seriously. The accident happened due to a thin ice coating on the rails. Charles Lynn was motorman and James Norton, conductor. Passengers were: Mrs. James Seiffert, her sister, Miss Kate Mulligan; Dr. Thomas P. Ostrander of Kingston; Hiram Best and his son, Harry from Germantown. Some of the passengers were taken to the Mansion House and treated by Dr. R. Loughran.

To those who care to know more about old-fashioned trolley cars, there is a "trolley-car museum" in Branford, Conn. just off highway 142. It is all written up in True magazine, August issue, with colored photos by Hans Knopf. The article is by A. W. Martinez. There is a mile and a quarter track between Branford and Short Beach on which these brightly painted trolleys run.

Remember the old-fashioned Tonterville open trolleys of which

## Boy Kills Father In Marriage Row

Uniondale, N. Y., July 25 (AP)—A youth was charged last night with killing his father in a row over the boy's efforts to marry a 15-year-old girl.

Robert Gunn, who will be 17 tomorrow, was booked on a charge of manslaughter in the death of his father, Peter, 50, of 717 Decatur avenue.

NASSAU COUNTY police said the father died after fist blows and kicks.

They gave this account:

Robert, a mechanic's helper, hoped to marry Maureen White next Saturday, and for the past two weeks had been staying at the home of her parents in Uniondale. The youngsters had eloped last month, but changed their minds and returned to their homes.

ROBERT SHOWED up at his parent's home last night, supposedly to return the family car which he had been using. He got into an argument with his father, struck him on the jaw and ran back to the girl's home.

Robert returned to his parent's home later in the evening, and was met at the door by his father who held a foot-long iron bar.

Robert struck his father twice, knocking him down, and then kicked him. Leaving his father unconscious, Robert ran back to the girl's home.

Robert's mother, Lydia, called police who found the father dead. An autopsy was ordered.

Police arrested Robert, sobbing and remorseful, at the girl's home.

**Western Quarantine**

Sacramento, Calif., July 25 (AP)—A new California quarantine goes into effect Aug. 21 barring the importation of corn and sugar-cane plants from 22 states.

The state Department of Agriculture said yesterday it was imposing the restriction to keep three destructive pests out of California—the southern cornstalk borer, the southwestern cornstalk borer and the sugar cane borer.

**Catcalls Greet Borge**

Copenhagen, Denmark, July 25 (AP)—Victor Borge heard a few catcalls from the balcony during his comedy-at-the-piano act last night for delegates to the International Congress of Pediatrics. "Evidently," he said, "there are a few people here who cannot handle good Danish beer." Then he returned to the piano and resumed his English-language monologue for the gathering, made up of persons of many languages.

## Favors Milk Order To Handle Surplus

Utica, N. Y., July 25 (AP)—Edwin Sluzarczyk, a Democratic candidate for Congress and manager of radio station WBRV, Boonville, has urged establishment of a separate milk marketing order for upstate New York.

Sluzarczyk, a former public relations council for the Eastern Milk Producers Cooperative Assn., said such a separate order would enable the upstate area to "take care of its own surplus."

He is the Democratic candidate for the 34th District congressional seat held by Republican William R. Williams of Cassville.

He testified yesterday at a federal-state hearing on a proposal to extend a New York milk marketing order to unregulated upstate areas.

He also urged a new federal study of deductions, such as freight charges, made from money in the New York milk pool. He said the present rates were based on studies made in the early 1930s. The farm price of milk is determined after the deductions.

The hearing, one of a series, continued here today. It moves to Syracuse tomorrow.

Mrs. Helen A. Petrillo, a Utica housewife, opposed extension of the order. She said she had been told a price increase of three cents a quart would probably follow an extension. Mrs. Petrillo said housewives would then turn to cheaper substitutes.

## Enforcement Ups Driver Penalties

Albany, N. Y., July 25 (AP)—The State Motor Vehicle Bureau says tighter law enforcement has resulted in sharp increase in the number of drivers' licenses suspended or revoked.

The bureau said 106,325 drivers lost their licenses in the first half of this year, compared with 89,110 in the same period last year. The total for 1955 was a record 168,275.

Commissioner Joseph P. Kelly said yesterday the 1956 increase reflected a "tightening of enforcement—not only on the road but in the bureaus."

Leading cause of the suspensions so far this year was failure to show proof of financial responsibility. Such proof is required of drivers who have been involved in accidents. There were 58,860 suspensions on that ground.

The bureau said there had been 8,840 licenses revoked from January through June this year, and gave this break-down (comparable 1955 figures in parentheses):

Drunken driving, 2,229 (1,865).

"Persistent violators," 1,753 (1982).

Improper registration, 275 (176).

Physical and mental disability, 170 (105).

## Seeking His Pet

Delhi, N. Y., July 25 (AP)—Peter Wyer, 13, has asked for help in finding his pet—a 6½-foot indigo snake named "George." Peter said yesterday the snake was "timid and harmless." But he was afraid someone might spot George and, thinking otherwise, kill the reptile. He said "George" was black with a brown belly and with maroon spots around his head. Peter said he captured the snake in the Florida Everglades last year. George escaped last week from an enclosure in the Wyer back yard.

## Briefly Told

Troy, N. Y., July 25 (AP)—Alfred Alonzo, 42, of Mechanicville, died last night in hospital here of burns suffered in a fireworks plant explosion.

State police said Alonzo was packing powder in fireworks when the blast occurred. A 10-by-12-foot packing shed at the plant, which Alonzo operated, was destroyed. The explosion was felt for several blocks around the plant, which is located near Mechanicville.

Rome, N. Y., July 25 (AP)—Harold Perkins, 51, of Utica, was killed last night when the tractor-trailer truck he was driving went off a highway, rolled down an embankment and overturned about 10 miles north of here.

Mrs. Mary Perkins, 54, his wife, was admitted to Rome Hospital, where officials said she was in fair condition.

The hospital said Mrs. Perkins suffered a possible fractured skull.

Ithaca, N. Y., July 25 (AP)—Nine-year-old Jimmy Shoup wouldn't say why he had hidden, barefooted, in the cellar of his home while searchers combed nearby dense woods in the belief he was lost.

But his parents had an idea about the boy's disappearance over Monday night. They had planned to take Jimmy to a church dance tonight.

Big Moose, N. Y., July 25 (AP)

—Frank B. Peck, 82, pioneer settler in nearby Old Forge, died yesterday. He established the first telephone and telegraph office in Old Forge.

Utica, N. Y., July 25 (AP)—Harvey L. Dunham of Utica, a commercial artist and author of the biography "Adirondack French Louie," died yesterday. He was 69.

Dunham, who wrote as a sideline, spent years tracing the history of Louis (Adirondack French Louie) Seymour, a legendary mountain guide, and trapper who lived at West Canada Lake in the central Adirondacks.

Plattsburgh, N. Y., July 25 (AP)—James M. Davidson, 19, of Newville, Pa., yesterday became the second victim of an accident Monday near here.

He died of injuries suffered in the accident which had killed Gary G. Bretzner of St. Paul, Minn. Two others were less seriously injured. All four were airmen third class, stationed at Plattsburgh Air Force Base near this northern New York community.

**Effects of Steel Strike Will Be Felt Long Time**

New York, July 25 (AP)—Even if the steel strike is settled this week the effects will be felt through next December, the Iron Age, national metalworking weekly, said today.

"**WITH THE** walkout in its fourth week and production losses certain to hit 9 million ingot tons, effect on industry will be felt as far away as December, or early 1957," the weekly said.

"As of now, probably 30 per cent of steel's customers are in serious trouble. A settlement this

week would not be of much help to these consumers since steel supply pipelines will be slow to fill after production is resumed."

There is fierce pressure from government and industry to end the strike, Iron Age asserted.

"**BOTH SIDES** in the steel labor hassle have a tiger by the tail," declared the weekly. "If the strike is not settled this week negotiators will be called to Washington, where government pressure—already strong—will be intensified."

"**WITH THE** walkout in its fourth week and production losses certain to hit 9 million ingot tons, effect on industry will be felt as far away as December, or early 1957," the weekly said.

New Zealand has more than two and one-half cattle for each of its inhabitants, and its sheep outnumber people almost 17½ to one.

**Prediction Is  
Farm Products  
Will Drop in '56**

Washington, July 25 (AP)—The Agriculture Department predicted today that the output of farm products this year will fall below last year's record volume.

The decline will be in crops because livestock production is expected to surpass last year's record.

The department said the forecast of a smaller crop harvest is based upon a somewhat smaller acreage planned this year and less favorable weather conditions. But no shortages are likely to develop. Surpluses exist in most crops.

The production of meat, milk, poultry and eggs promises to set new production marks.

The department said demand for farm products is being supported in part by a steady upward trend in consumer income. It added that if the steel strike is not prolonged, consumer income and spending could be expected to continue in the coming months.

#### 'Bus Stop' Opens at Woodstock Playhouse

William Inge's comedy hit, "Bus Stop" which ran 66 weeks in New York, following his capture of the Pulitzer Prize for "Picnic", opened at the Woodstock Playhouse Tuesday, 8:40 p.m. and will run through Sunday.

Anne Meara was seen as a bookish high-school girl who becomes enthralled with the philosopher; Michael Myers as the proprietress; Herbert Ratterer (first appearance) as a bus driver for whom the snow-bound delay is a chance to make up lost time with the lunchroom proprietress; Jack Wilson (first appearance here) as a small-town sheriff who helps quell the belligerent cowboy; and Richard H. Farmer (also first appearance) as a fatherly pal of the rancher, breathing philosophy into the ear of the obstreperous young ward he never could tutor successfully.

The lives of all these become entangled and changed during the snow-bound night they are marooned together in a road-side diner, 30 miles out of Kansas City.

"Bus Stop" is based on a real incident observed by playwright Inge when he was still an instructor at Stevens College, in Missouri, seven years before his first play, "Come Back, Little Sheba," was produced. There was no snow-storm in the real-life episode.

MR. AND MRS. BERNARD HEIDCAMP

(Tom Reynolds photo)

#### Young Couple Wed In St. Joseph's Saturday, July 14

Miss Shirley Josephine Burns became the bride of Bernard Heidcamp in a double ring ceremony, Saturday, July 14, at 2 p.m. in St. Joseph's Church. Officiating was the Rev. Alfred Glancy, assistant pastor.

Mrs. Frank Raftery was at the organ and Martin Kelly Jr. sang "Ave Maria" and "Mother At Your Feet Is Kneeling."

The bride was given in marriage by Robert Marz. For the ceremony, she wore a white gown fashioned with a Peter Pan collar and long lace bodice. The nylon tulle skirt featured a silk underskirt. The orange blossom headpiece held a fingertip veil of tulle and the bride carried a bouquet of white roses.

Miss Bernice Baker was the maid of honor. She wore a mint green chiffon gown with matching tulle and carried a bouquet of pink daisies.

Bridesmaids included Maria DiRico and Rose DePasquale. Their gowns were styled identically as the honor attendant.

Arthur Heidcamp was best man for his brother. Serving as ushers were Thomas Kearney and Joseph Gallagher.

Following the wedding ceremony, a reception was held at the Barn for approximately 100 guests.

Mrs. Heidcamp is a graduate of Saugerties High School and is employed by IBM in Kingston.

The bridegroom is a Kingston High School graduate and is also an employee of the local IBM company.

For her wedding trip to Canada, the bride chose a pink dress with white accessories and a corsage of white orchids.

When Mr. and Mrs. Heidcamp return from their trip, they will reside at 68 Pine Grove avenue.

Mr. Heidcamp is a graduate of Saugerties High School and is employed by IBM in Kingston.

The bride was given in marriage by her uncle, Henry Hall Jr. She wore a nylon tulle gown with Alencon lace trim. The bodice was shirred and trimmed with lace, ending in a waist and an Alencon lace sleeves ending in a point at the wrists and an alencon lace front panel. The gown terminated in a chapel length train. On her head she wore a seed pearl crown with a fingertip illusion veil, edged with lace and carried a cascade bouquet of white carnations trimmed with ice blue.

Mr. Briggs writes that the madrigals are a "delight. In their often nebulous tonality is a faint echo of the ancient liturgical modes. The madrigals are charming music, and are here beautifully interpreted by Mr. Craft and the Singers of Ferrara. Although the voices individually are not especially remarkable, they blend well and the ensemble is fine. For lovers of concerted singing this is a disk worth investigating."

Mr. Briggs points out that this appears to be a "first" on LP as an all-Gesualdo recording, although the composer's works have turned up occasionally in collections of madrigals by various composers.

Don Carlo Gesualdo, Prince of Venosa, was born in or near Naples about 1560. Mr. Briggs writes. He is supposed to have been a pupil of Pomponio Nenna, the madrigalist of Bari. It is certain that he acquired a thorough grounding in composition and lute-playing, his skill in the latter being famous all over Italy.

In 1586 Gesualdo married a noble Neapolitan lady, Donna Maria d'Avilos. Three years later, discovering his wife to be carrying on an affair with Don Fabrizio Caraffa, Duke of Andria, Gesualdo had them both murdered by his retainers and fled to the Court of Ferrara.

Here his tempo of living slowed sufficiently to enable Gesualdo to begin writing the madrigals, which were published at regular intervals from 1594 to 1625. They were immensely popular during the composer's lifetime. The first two books of madrigals went through seven editions before Gesualdo's death in 1613.

They have continued to fascinate listeners of the present day, including Mr. Huxley. When a writer of Mr. Huxley's attainments turns to program annotation the result is sure to be lively reading. Mr. Briggs says. Mr. Huxley's account of Gesualdo and his madrigals is diverting if somewhat shaky musically, Mr. Briggs writes.

Mr. Craft, one of this country's most brilliant young conductors, is now on a concert tour of Europe and the Near East with Mr. and Mrs. Igor Stravinsky. He is the son of Mr. and Mrs. Raymond E. Craft of Kingston.

# American, National Advance to Semi-Finals in LL Turney

**Murphy No-Hits Port Ewen, 13-1; Saugerties Bows**

**ALL Faces NLL**

**Tonight at Saugerties**

The American Little League and the National LL combined brilliant pitching with the 'big inning' to advance to the semi-finals of the District Little League tournament last night. The teams meet tonight at the Saugerties LL field beginning at 6:15.

Bill Murphy fired a no-hitter and his mates exploded for 10 runs in the second inning to spark the NLL to an overwhelming 13-1 verdict over Port Ewen at the Armory Field.

A four run fifth snapped a 1-all tie and gave Vince Smedes of the ALL a 5-1 decision over Saugerties at Kingman Park.

**MURPHY, WHO** has pitched a couple of no-hitters for the Shults Paint Co. Indians, was at his best against the out-of-towners. He struck out 13 and walked six along the way. Port Ewen got its run in the fourth on two walks and a fielder's choice.

Bill Boice struck the major blows for the NLL. The Tribe first baseman had a perfect 4-for-4 night which included a home run.

Murphy, Freeman Woods and Charles Davide bagged two safeties each in the 11-hit barrage off losing Stan Williams and reliever Wayne Johnson. One of Davide's hits was a double. Rich Sickler accounted for the other two-bagger of the game.

**BILL ECKHOFF** had the ALL shutout for three innings before the victors scored in the fourth and put the game on ice in the big fifth. Mike Ferraro and Ed Corcoran drove in the runs in the payoff with two-run homers. Corcoran's was his third in two turney games.

Eckhoff dueled Smedes almost even, but for the one bad inning. The Saugerties flinger struck out 12 to six for his mound rival and permitted seven hits. Smedes allowed six blows, three to Eckhoff. Smedes walked none and his opponent two.

# Joneses Blast Doblers For Eighth Win, 10-3

**Carlino Slams  
Two Home Runs**

**Jones** Dairy applied its time-honored formula of slick pitching and power hitting to crush Dobler Beer, 10 to 3, in yesterday's City Baseball League fracas at the Athletic Field.

The Dairymen assured themselves of no worse than a tie for regular season honors with their 8th win in nine games. They lead Watzkas by two games with two left to play.

Tom Carlino blasted two home runs over the left field fence and knocked in five runs for the perennial champions.

**BRUCE BECHTOLD** pitched a tidy six-hitter with nine strikeouts to gain the nod over Frank Jenny, who was separated from 11 safeties. He pitched shutout ball over the first five frames.

There isn't much else to report except that the rest of the league is looking forward to the start of the post-season playoffs.

**League Standing**

	Won	Lost
Jones Dairy	8	1
Watzkas	6	3
Saugerties	4	3
Nader Motors	4	4
Kingston Eagles	4	4
Dobler Beer	2	7

After a first inning tally, Joneses got down to serious business with three in the third. Carlino followed singles by Red Gorsline and Phil Gatti with his first slam over the left field barrier.

**JENNY** escaped damage in the fourth but in the fifth Gorsline and Joe Modica hit singles, Carlino and Nippy Jones walked for three more runs and a 7-0 lead.

A wild throw by Dyshek accounted for one Jones marker in the sixth. Up stepped Carlino with a runner on base and lost another ball over the barrier.

Doblers escaped a shutout on six-inning cheapie. Bill Chase hit by a pitch, Jones booted a grounder and Bob Dawkins hit a sacrifice fly.

Singles by Tentowski, Dyshek and Chase coupled with a fouled-up rundown accounted for the final Dobler runs in the seventh.

**RED GORSLINE** emerged from a mild slump with three singles for the Joneses. Gatti rapped a double and single and Jim Jackson powered two singles. Dyshek slammed three singles and Tentowski hit a pair for the Brewmeisters, who went down to their seventh loss in nine games.

THE KINGSTON DAILY FREEMAN, KINGSTON, N. Y., WEDNESDAY EVENING, JULY 25, 1956

A tip of the hat to the crack American Legion Juniors, champions of the Third District.

Behind the brilliant pitching of Renni Giannuzzi, with able assistance by Bob Short and Johnny Mustion, the Kingston team proved its class.

Manager Tommy Maines, Jules Albertini, Andy Murphy all deserve a salute for their part in the promotion. We think the 1956 edition is one of the more solid Legion teams of the past few years. Unlike last year's squad which was thrown together for the tournament, the present team is made up of youngsters who have played together in many games.

Next stop is a meeting with the District 4 champions, some where near Ticonderoga, the date and place and opponent to be named later.

The arrangements at Dietz Stadium were expertly handled. We trust that Kingston officials insist on the same kind of treatment and operation at the Ticonderoga playoff. Let us hope there is no repetition of the farce that unfolded last year at White Plains.

### • Flotsam and Jetsam:

Brooklyn Dodger and Milwaukee Braves scouts watched the Dietz playoffs. They saw plenty pitcher in Renni Giannuzzi with the swarthy southpaw bowed out Monday evening with a sore elbow. Joey Hoffman rapped the ball solidly and Bill Chase looked a promising hitter. Coach Jack Gilligan has returned from a brief visit to Lake George. . . . The Legion triumph also was a nice tribute to their long-time coach, Eddie Bahl, who is recovering from an illness and had to miss all the action. . . . Dom Colavito, who will catch for the Bronx Mohawks against the Kingston Colonials Saturday night at Dietz Stadium, is a brother to Rocky Colavito, the Cleveland Indian outfielder who has just been recalled from the Pacific Coast League. . . . New York Knicks' newest acquisition—Ron Sobieszczyk—is rated next to immortal George Mikan among all-time DePaul University greats. . . . Don't bet that New York sportswriters and head writers won't shorten that to Sobe. Sobe, incidentally, is the only player in DePaul history, including Mikan, who scored 300 or more points each season. Also, it is that school's most prolific three-season points maker, totalling 1222. Mikan made 1870 in four years of competition.

### • Willie Still the Greatest:

The biennial trip to Cooperstown to Hall of Fame game is always a pleasant experience. Every true baseball fan should make at least one pilgrimage to the baseball museum. Americans can sports fans idolize their heroes. There were several big names cavorting in New York Giant and Detroit Tiger uniforms at Abner Doubleday Field during the exhibition game, but the biggest cheer was reserved for Willie Mays. Willie is still the mostest, especially to the small fry who swarmed all over the field trying to get his autograph. Unfortunately, Willie, who up to this point isn't the Mays of yesteryear, disappointed the youngsters. He took three turns at the bat and looked miserable. Obviously he is still in a bad slump, an albatross he may have shaken off by the time this reaches print. There were cheers, too, for Dusty Rhodes, hero of the 1954 World Series. Time has treated Hank Greenberg (45) kindly and the old Tiger slugger was a handsome giant in an off-low suit. Uncle Joe Cronin, who played at the old Fair Grounds in 1926 as a rookie with the Pittsburgh Pirates, has taken on considerable weight but still retains a boyish face.

### • Of Men and Mice:

Chuck Nord of Wappingers Falls, a former Freeman staffer, took top honors in the novice single gig division of the Poughkeepsie rowing regatta. Chuck is headed for Vanderbilt University under a 4-year scholarship granted by the Thoroughbred Racing Association of America. . . . Speaking of horses, expert harness horsemen's opinions rate the top ten for the Hambletonian (Aug. 8) as: Egyptian Princess, Saboteur, Lullwater Victory, Darn Gay, Valiant Rodney, Bold Rodney, Newport Del, Specialty, Go and Magnus Hanover. The American language being what it is these days, Go would seem to be a real star horse. . . . Now that Otto Graham has quite the Cleveland Browns for keeps, Paul Brown's perennial champions will probably sweat it out with an 8-4 finish this time. In the old Graham days they used to do it, 11-1 or 10-2. . . . Thanks for all the nice birthday cards, especially those anonymous missives. Pete Keresman, who trekked to Cooperstown with us, overheard it in the grandstand section. A jockey was on Manager Bill Rigney of the Giants, as likeable a person as you'll meet in baseball. "Hey Rig" bellied the leather lung, "why don't you go back to New York and leave the Giants in the museum. . . . That's where they belong." Was that nice?

## Logart, Black In TV 10-Rounder

## Softball Loop Starts Monday In Onteora

Chicago, July 25 (AP)—Isaac Logart, one-time spartan of Kid Gavilan, tries for his 10th straight ring victory against Jed Black, an up and coming welterweight prior to serving a two-year army hitch.

Logart, a product of Camaguey, Cuba, Gavilan's hometown, probably will be better than a 3-1 favorite in the nationally televised 10 rounder (ABC, 9 p. m. EST) at Chicago Stadium. He is rated No. 3 among welterweight contenders in the latest ring magazine rankings.

Black, former NCAA champion while at Michigan State, hasn't fought since Oct. 12, 1955 when he won over Bobby Elliott in 10 rounds. At that time he was serving as a first lieutenant at the Red Stone Arsenal in Huntsville, Ala.

But in the three months he has been out of the Army, much of his rustiness has been polished off in 70 rounds of preparatory boxing.

## Vernon Feature Lists 15 Entries

Vernon, N. Y., July 25 (AP)—A field of 15 three-year-olds has been entered in the fourth annual Hambletonian Test tonight at Vernon Downs.

The track bills the Grand Circuit week race as a preliminary to the \$100,000 trotting classic Aug. 8 at Goshen.

The first five horses in two divisions of the test will race off for a purse of \$8,900.

A second race for three year olds will be the Flora Temple Stakes for a purse of \$6,372.

In action last night, Joe O'Brien drove Adios Express to victory in both dashes of the \$11,000 pace for the Billy Direct Trophy.

Adios Express was a Sol Camp entry with Razzle Dazzle, which finished third in the first dash. The entry paid \$3.30, \$2.80 and \$3.60.

Adios was clocked at 2:02 2/5 in the first dash and 2:02 3/5 in the second. The horse paid \$3.00, \$3.30 and \$2.10 in the second dash.

Frank Ervin drove Good Counsel of Castleton Farm to a win in 2:04 in the \$7,000 Flora Temple Pacing Stake. The time equalled Good Counsel's own season's record for two-year-old pacing fillies set July 1 in a time trial.

## Segal Paces Golfers

Albany, N. Y., July 25 (AP)—Ed Segal, 16, of Albany, is medalist of the district players that will compete in the U. S. Golf Assn. national junior championship. He fired a four-over-par 75 yesterday at Shaker Ridge Country Club, his home course.

## Moore 'Shoo-In' Pick Over Parker In Title Fight'

Toronto, July 25 (AP)—Archie Moore, self-crowned heavyweight king, is a "shoo-in" favorite to whip unranked James J. Parker of Toronto tonight in an outdoor bout that only the promoters recognize as a title fight.

Promoter Jack Solomons of London talks glibly of a crowd of 19,000 and a \$140,000 gate for the 15-round match at Maple Leaf Stadium, the Toronto baseball park, but more cautious estimates slice the house to 12,000, and receipts to \$100,000. The forecast was for widely scattered showers and late clearing.

The SCRAP WILL not be carried on radio or television in the United States.

Solomons' plush promotion threatens to outdo the action in the ring. A 35-piece bagpipe band will pipe the men into the ring as they walk over a rented red velvet carpet. White dinner jacket and black tie will be the dress in the front row.

Parker is expected to be stretched on the ring deck sometime during the evening according to the pre-fight odds ranging from 3 to 1 to "out." There is little wagering.

Despite the odds, this could be a very important fight for Archie. As No. 1 contender for the vacated heavyweight title, he is due to box Floyd Patterson of New York at Yankee Stadium in late September for championship recognition. A cut, an injury or a defeat would delay him at an age where further delay might be disastrous.

## Zulueta to Fight Lightburn Aug. 10

Orlando Zulueta of Cuba, and Ludwig Lightburn of British Honduras, will meet in a return 10-round bout in Madison Square Garden on Friday, Aug. 10. In their previous meeting, on July 13, Zulueta won the decision.

They are lightweights. The bout will be televised nationally.

## \$409 Payoff At Charles Town

Charlestown, W. Va., July 24 (AP)—Buster Bell won the second race at the Charlestown track today and paid \$409 for a \$2 win ticket.

It was the highest payoff in the United States racing since Ruff Mate returned \$420.60 for \$2 at Pimlico Nov. 10, 1954.

The across-the-board return on Buster Bell was \$409, \$79.20 and \$25.80.

## Legion, Cabinets Score Victories In Recreation

Bob Martin's two-out double in the bottom of the seventh enabled the American Legion to nip Cedar Rest, 10-9, in the Recreation softball league.

Harry Secreto's 6-hitter paced Colonial Cabinets to an 11-3 triumph over Krovans.

Martin's double drove in the tying run against Cedars and when the ball eluded Phil Tesoro in centerfield, the Legion shortstop raced home with the winning run.

TOM RIZZI was nicked for 13 blows by the Cedars and trailed Harry Van Wagenen and Nick Hahn until Martin's big blow. The winners collected 17 hits, including a double and three singles in four trips by George Hedd.

Nick Hahn and Phil Tesoro socked homers for Cedar Rest. Mike Provenzano and Jerry Kaplan hit a single and double apiece.

A nine-run fifth inning off Bob Canavan iced Colonial Cabinets' victory over Krovans. Meanwhile, Secreto was disturbed in only a couple innings.

Secreto and Mosher belted three singles each for the winners.

**Rebels Attack Train**

Algiers, Algiers, July 25 (AP)—Nationalist rebels derailed the engine of the Algiers-Constantine express today, then opened fire on the disabled train. But troops riding with the passengers drove them off and killed one of the rebels.

They were arraigned before Justice of the Peace William Gruner of Highland and committed to the Ulster county jail where they will be picked up by New York city police authorities.

Trooper Kurpil reported that the youths, who had come to Wallkill to see a friend, had abandoned the car there.

They were arraigned before Justice of the Peace William Gruner of Highland and committed to the Ulster county jail where they will be picked up by New York city police authorities.

**Executive Shot Dead**

Nicosia, Cyprus, July 25 (AP)—Edward Bonicci, a pro-British executive of Nicosia's biggest store, was shot dead while walking to lunch today with his fiancee. British troops cordoned off all the inner walled city in a hunt for the killers. Two bullets in the back and one in the head felled Bonicci on Hippocrates street, often called bloody alley because of a series of slayings there officially attributed to gunmen backing the Greek Cypriot movement for union of this British colony with Greece.
